Dear Formosa Foundation:

On behalf of Formosan Association for Public Affairs (FAPA), thank you for your donation of \$65,600. Your generosity is appreciated and will be used toward FAPA missions and goals, including but not limited to promotion of greater U.S.-Taiwan relations and the protection of Taiwan's democracy and right to self-determination, two areas where FAPA and Formosa Foundation share common values.

In the past, Formosa Foundation's Ambassador Program has been successful in recruiting, educating, and training students and young professionals on leadership, history, and advocacy. The spirit of the Ambassador Program will be incorporated and continued through FAPA's Emerging Leaders Program, a bi-annual week-long program in which we educate and train specifically targeted young leaders on democracy, U.S.-Taiwan and international relations, and advocacy. We, too, believe in the critical importance of training and involving the younger generation in mainstream society and policy making world.

Thank you to each of your founders, board of directors, staff, advisors, donors, and friends for the hard work that Formosa Foundation has done in bringing about positive changes and awareness in U.S.-Taiwan relations. We look forward to working together and having your continued support as we continue the challenging but imperative work for an independent Taiwan and normalization of U.S.-Taiwan relations.

Please feel free to contact us should you have any questions or feedback. Again, thank you for your kind donation.

Very Truly Yours,

PETER C. CHEN
FAPA President
