

Dear **Taiwanese American Historical Society**,

I am writing to you concerning a sponsorship opportunity with the second annual **Texas Taiwanese Biotechnology Symposium (2016 TTBA Symposium)**. The TTBA was established by groups of vibrant Taiwanese graduate students and young professionals from top-notch biomedical research institutions in Texas. Our goal is to facilitate intellectual conversation and professional networking among young Taiwanese biomedical talents and foster their career development in the US and Taiwan.

Last year we successfully brought 121 brilliant young scientists together at our first conference in Houston and had 15 guest speakers to share their experiences with us. This year we are excited to host the **2016 TTBA Symposium at the UT Southwestern Medical Center on November 12-13, 2016 in Dallas, TX**. However, as a student-based organization, we strive to host this conference with very limited resources. Therefore, we are asking for your support. We hope you will consider providing monetary support because we believe the goals of (insert name of organization) may align with our mission: (insert goals of organization here).

Please join us today to invest in the future by making a contribution and in return for your generosity, your name (or organization/company logo) will be printed on our event journal and website. For online donation (www.UTSouthwestern.edu/donatenow), please check the “specific use” box under Donation Information, and write in **2016TTBA**. For sponsorship levels, please see the attached chart. All donations are 100 percent tax deductible.

We hope you consider making a donation. If you have any questions or need further information, please feel free to contact us via email at tba.board@gmail.com. Also, please visit our website at <http://www.tbatw.org> for our other upcoming news and events.

Sincerely,

Yi-Li Min
President of Texas Taiwanese Biotechnology Association,
UTSW Chapter
